序 言

我们期待已久的《2021年亚洲教育论坛年会：责任管理与青少年成长教育论坛》即将召开，真诚感谢社会各界人士对这次活动所给予的大力支持。

青年成长不仅仅是国家关注的话题，也是全人类共同关心的核心问题，青少年的成长关系到人类社会发展的未来。人才培养是否成功，关键在于受教育者是否具有基本的伦理道德和社会责任。大学作为培养人才的摇篮，只有将责任管理的全球共识性价值理念融入高等院校的课程教学和科研，鼓励并支持全球的责任管理教育研究，才能培养出具有责任意识和责任领导力的未来人才。

21世纪的人才标准是社会责任和社会贡献并存、智商与情商并存。一方面，责任管理教育者应该结合中国社会发展的特点，在跨文化的语境上加强国际间的合作与交流，加强责任管理、商业伦理、可持续发展等教育理念的普及，配合思政教育，以培养更多秉持可持续发展理念的人才，加强社会的绿色领导力，促进社会的生态文明建设。另一方面，责任管理教育在社会各个领域，成为教育向善、社会向善、文化向善和商业向善的推动者，使整个社会呈现出“向善”的态势，这种大势一旦形成，人类社会势必会实现可持续发展。

我们相信本次会议将是一次全面展示中国责任管理教育成果的盛会，也将是一次致力于此项事业的各方同仁传播理念、凝聚共识、协同行动的盛会！大道行思，取则行远，责任管理教育前景远大，未来可期！

Foreword

The long-awaited “Education Forum for Asia 2021 Annual Conference Special Session on Responsibility Management and Youth Development Education” will be held soon, and we sincerely thank all sectors of the society for their support for this event.

Youth growth is not only a topic of national concern, but also a core issue of common concern to all mankind, and the growth of youth is related to the future development of human society. The success of talent training lies in whether the educated have basic ethics and social responsibility. As the cradle of cultivating talents, universities can cultivate future talents with responsibility consciousness and responsibility leadership only by integrating the global consensus value concept of responsibility management into the curriculum teaching and scientific research of colleges and universities, encouraging and supporting the global research on responsibility management education.

The talent standard in the 21st century is the coexistence of social responsibility and social contribution, intelligence quotient (IQ) and emotional quotient (EQ). On the one hand, educators of responsibility management should combine the characteristics of China’s social development, strengthen international cooperation and exchanges in the cross-cultural context, strengthen the popularization of educational concepts, such as responsibility management, business ethics and sustainable development, and cooperate with ideological and political education, so as to train more talents who uphold the concept of sustainable development, strengthen the green leadership of society, and promote the construction of ecological civilization in society. On the other hand, responsibility management education has become the promoter of education for good, society for good, culture for good and business for good in all fields of society, which makes the whole society present a trend of “being good”. Once this trend is formed, human society is bound to develop sustainably.

We believe that this conference will be a grand event to comprehensively display the achievements of China's responsibility management education, and it will also be a grand event for colleagues from all parties committed to this cause to spread ideas, gather consensus and coordinate action! Directions determine future, going far when action follow directions. Responsibility management education is a great direction for us to take action now and to expect its prospects in the future!

前言

责任管理助力青少年成长

当前世界处于百年未有之大变局，人类社会共同面临的全球性挑战与中国全面建设社会主义现代化强国、实现中华民族伟大复兴的奋斗目标相互交织、相互激荡。站在“两个一百年”奋斗目标的历史交汇点上，今天的中国更加迫切期待青少年能够健康成长、勇于担当，与时代同向同行，积极投身于实现经济、社会、生态和文化层面高质量和可持续发展的时代伟业。

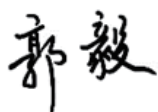

我们所希望留给后代怎样的世界，一方面取决于今天的社会中坚力量做何种努力，向何方向发展；另一方面也取决于今天的青年暨明天的社会中坚力量如何推动未来世界的变革。站在未来看现在，可以说，今天的青年一代将在上一代留给他们的 30 到 40 年时间里作为最有生的力量完成一场广泛而深刻的经济社会系统性变革。未来的世界——我们所共享的未来——将在很大程度上由负有责任担当的青年一代的可持续发展领导力所塑造。

教育如何发挥好培育、引导和催化作用，如何将责任管理的理念传播和融入到微观层面的青少年的自我管理，融入到宏观层面的教育机构的责任管理教育，带动更多的中等和高等教育机构更积极地以塑造“负责任和有历史使命感的青年一代”为目标推进教育改革？如何促进更多青少年以当代的生态文明观和紧迫的使命责任感去认识和加入我国经济、社会、生态和文化全面向高质量发展转型的时代洪流？这是当前高等教育亟须回答的时代命题。

建党百年前夕，“责任管理教育中国学术委员会”在社会各界的积极支持响应下成立，凝聚着人们对于倡导并积极推进责任管理教育的热切期盼。在亚洲教育论坛的大力支持下，2021 年论坛年会专设“责任管理与青少年成长教育”

分论坛，体现了社会各界对青少年成长的关心，体现了我们在向高质量发展的转向上高度重视根植“责任管理”，着力培育未来青年一代的可持续发展领导力。

“凡益之道，与时偕行”。在积极落实联合国 2030 年议程和加快实现“双碳”目标的时代潮流面前，中国的高等教育工作者必须顺势而为、勇于担当，在更大范围推动“责任管理”的教育理念、目标、原则、方法与实践，促进青年一代培育以可持续发展为目标导向的创造精神、创新意识和创业能力，发挥他们勇于关爱、善于创新、敢于变革的品质和能力，担负起大国青年的时代使命，为构建“第二个百年目标”和人类命运共同体的理想贡献力量。

Preface

To Support Youth Development through Strengthening Responsible Management Education

The world today is marked by changes unseen in a century, the global challenges faced by human society are intertwined turbulently with China's comprehensive construction and building of a modern socialist country to achieve the great rejuvenation of the Chinese nation. Standing at the historical intersection of the "two centennial goals", it is all the more urgent for China to develop the mentality and commitment of the youth, to embrace the Zeitgeist in the new era, and to actively devote themselves to China's great endeavor to achieve high-quality and sustainable development at the economic, social, ecological and cultural levels.

The kind of world we want to leave to future generations depends, on the one hand, on the efforts of today's forces of social progress and the direction it is heading, and, on the other hand, on how today's youth and tomorrow's forces of social progress will drive change in today's world. With the perspective of the future looking at the present, it can be said that today's young generation will be the most living force in the 30 to 40 years left to them by the previous generation to accomplish a broad and profound economic and social systemic change. The world of the future - the future we all share - will be shaped to a large extent by the sustainable development leadership of a responsible young generation.

How can education play a nurturing, guiding and catalytic role in spreading and integrating the concept of responsible management into the self-management of young people at the micro level and the responsible management education of educational institutions at the macro level, so that more secondary and higher education institutions can more actively promote educational reform with the goal of shaping a "responsible and historically-minded young generation", and promote more young people to understand and join the current transformation of China's economy, society, ecology and culture towards high-quality development with a contemporary view of ecological civilization and an urgent sense of inter-generational responsibility. All of the above is a proposition of the times that needs to be answered urgently in higher education today.

China Academic Committee of Responsible Management Education was established with the positive response and support of all sectors of society, signifying the eager expectation of the Chinese education sector and the community to advocate and actively promote responsible management education. With the support of the Education Forum for Asia (EFA), this year's conference was able to hold a sub-forum on "Responsible Management and Youth Development Education", reflecting the community's concern for youth development. From the perspective of high-quality development, we

have realized the importance of “responsible management” for the sustainable development of the future generation of young people from the height of civilization and culture.

“All good principles should adapt to changing times to remain relevant.”. In the face of the current trend towards the implementation of the UN 2030 Agenda and the accelerated movement towards achieving “carbon peak and carbon neutrality” targets, China’s higher education staff must follow the trend and shoulder the responsibility to advance modern educational ideas, objectives, principles, methods and practices of “responsible management” on a wider scale, to promote the young generation’s creative spirit, innovation and entrepreneurship oriented towards the goal of sustainable development, to develop their qualities and abilities of being caring, innovative and courageous to change, to take up the mission of the youth of a great nation, and to contribute to the “second centurial goal” and the ideal of a community of human destiny.

**Excellencies, Distinguished Colleagues, Dear Friends, and Young Business Leaders of the Future,
NieHau! Ayubowan! Greetings from Sri Lanka!**

Wǒ shì zhōng guó de lǎo péng yǒu hé yǎng mù zhě. Xie xie!

I am an old friend and admirer of China. Thank you for inviting me, especially Professors Haifeng Huang, Dr. Xuanwei Cao, Professor Hualiang Lu and Professor Yi Guo. Sorry I cannot visit you personally in beautiful Chengdu, because of Coronavirus. It is my privilege to address you virtually, at this Special Session of the Education Forum for Asia (EFA), on Responsible Management and Youth Development. One highlight of this session is the first Responsible Management and Youth Development Education Academic Speech Contest, which has received strong support from many important universities, colleges, businesses, social organizations and media. As a friend and senior international advisor to the Chinese Academic Committee on Responsible Management Education, I am happy to support this outstanding initiative.

We are all inter-connected on one planet. We must unite to save the earth and ourselves. At the 1992 Rio Earth Summit almost 30 years ago, I first proposed the sustainable development triangle which harmonizes economy, environment and society. First, we need economic growth to help billions of poor people. Second, Covid-19 also reminds us to balance economic progress with environmental protection. Third, the pandemic confirms that social solidarity and cooperation are equally important. This is my Balanced Inclusive Green Growth (BIGG) path, which will truly harmonize society, environment and economy, to help us achieve the 21st century global eco-civilization.

The UN 2030 Agenda and 17 sustainable development goals (SDGs) recognize that sustainable development is the major global challenge facing us today. Education is a key SDG, and properly educating future business leaders is essential to ensure global sustainability. In a post-Covid world, they will provide the leadership to achieve sustainable development and the SDG – including economic prosperity, social progress and environmental protection.

Implementing the UN SDG will be facilitated by using BIGG. China is a global role model through action and example. I salute the great progress you have made along the BIGG path in past decades, socially by raising over 800 million people out of poverty; economically by

demonstrating remarkable growth; and environmentally by trying to reduce natural resource degradation. Through the belt and road initiative or BRI, China is helping humanity achieve a synthesis of civilizations and sustainable development, especially in poorer countries.

I am proud to support this event and wish you all success. As leading experts, I am confident that you will help us to keep our dreams alive, by leading the way to balanced inclusive green growth (BIGG) and the global eco-civilization.

Let us ACT NOW, TOGETHER! Xie xie, Sthuthi, Thank you.

● 科伦坡穆纳辛格发展研究所

各位嘉宾、各位同事、各位朋友、各位未来的年轻商界领袖，你好！

Ayubowan！来自斯里兰卡的问候！

Wǒ shì zhōng guó de lǎo péng yǒu hé yǎng mù zhě. Xie xie!

我是中国的老朋友和仰慕者。谢谢你们的邀请，特别是黄海峰教授、曹玮教博士、陆华良教授和郭毅教授。因为新冠肺炎疫情，很抱歉我不能亲自去美丽的成都拜访你们。我很荣幸在亚洲教育论坛上就责任管理和青少年发展问题发表演讲。首届责任管理与青少年成长教育学术演讲风采展示是本届论坛的一大亮点，得到了许多重点大学、学院、企业、社会组织和媒体的大力支持。作为中国责任管理教育学术委员会的朋友和高级国际顾问，我很高兴能够支持这项杰出的倡议。

在同一个地球上，我们都是相互联系的。我们必须联合起来拯救地球和我们自己。在大约 30 年前的 1992 年的里约地球峰会上，我首次提出了协调经济、环境和社会的可持续发展三角。第一，我们需要经济增长来帮助数十亿的穷人；第二，新冠肺炎疫情提醒我们要在经济发展和环境保护之间取得平衡；第三，这段疫情证实，社会团结与合作同样重要。这如我提出的平衡的包容性绿色增长（BIGG）路径，它将真正协调社会、环境和经济，帮助我们实现 21 世纪的全球生态文明。

联合国 2030 年可持续发展议程和 17 个可持续发展目标认识到，可持续发展是我们当今世界面临的主要挑战。教育正是实现可持续发展目标的关键，正确地教育未来的商业领袖对于确保全球可持续发展至关重要。在后新冠疫情时代，他们将发挥领导力以建立可持续市场，促进可持续生产者和消费者的互动，实现可持续社会，从而确保经济繁荣、社会进步和环境保护。

BIGG 有助于促进实施联合国可持续发展目标。中国通过行动成为全球榜样。

我向你们在过去几十年中在 BIGG 道路上取得的巨大成就致敬，你们在社会上帮助 8 亿多人摆脱贫困；在经济上表现出显著的增长；在环境上努力减少自然资源的退化。通过“一带一路”倡议，中国正在帮助人类实现文明和可持续发展的巨大成就，尤其是在贫穷国家。

我很自豪能够支持这次活动，并祝愿你们一切顺利。作为首席专家，我相信你们将带领我们走向平衡的包容性绿色增长 (BIGG) 和全球生态文明，帮助我们实现梦想。

让我们一起行动吧！谢谢！

亚洲教育北京论坛

亚洲教育北京论坛（www.asia-edu.org）是由博鳌亚洲论坛、联合国教科文组织、中国国家留学基金管理委员会共同发起，2003年底由博鳌亚洲论坛理事长、菲律宾前总统拉莫斯、哈萨克斯坦前总理捷列先科、韩国前总理李寿成、尼泊尔前首相比斯塔、新西兰前总理珍妮·希普利、联合国教科文组织代表亚太地区曼谷教育局主任谢尔顿·舒佛、澳门基金会主席吴荣恪倡议建立的，已日益成为亚太区域内各国教育官员、专家学者、各级院校、国际组织、企业交流与探讨合作与发展的高端平台。

论坛发起迄今，已成功举办了包括发起者会议在内的十七届年度国际盛会，日益成为关注教育对话的最高规格、最具权威的区域国际教育交流平台，为提升亚洲整体教育水准、促进亚洲的繁荣与和谐发展起到了重要作用。刘延东国务委员曾在2010年11月亚洲大学校长论坛的讲话中将亚洲教育北京论坛列为“中国和亚洲国家间的教育交流平台之首”。

国际生态发展联盟

“国际生态发展联盟”简称“联盟”（英文缩写“EDUI”其译成中文为“益地友爱”），在中国作为中国环境科学学会理事单位，以北京益地友爱国际环境技术研究院为学术平台积极开展项目合作。成立至今近18年，聚集世界各国1000多位专家学者，初步建设一个全球性生态发展的学术交流网络，定期组织了十多场高水平国际学术论坛，主持了四川通江县和屏山县的生态扶贫项目，在乡村建立了数个夏光图书馆，参与了重大国内外研究课题，出版有十多部学术专著。最近几年，联盟在际生态文明大学（法国）支持下，成立了生态文明教育研究中心（成都）、益地友爱国际教育学院（深圳）和益地友爱文化投资咨询有限公司（海口），参与并主持上百场国内外企业社会责任、可持续发展和商业伦理的研讨会。

全球新兴经济体商学院联盟

Alliance of Management
Development Associations
in Rising Economies

1997年，世界上最大的全球航空联盟之一的星空联盟成立，目的是为客户提供任何一家航空公司都无法单独提供的旅行优惠。如果像航空公司一样，处于经济上升期的区域商学院协会能够找到一种合作方式，使其成员学校受益呢？如果我们能够建立一个由崛起经济体的协会、学校、院长、教员和学生组成的网络，增加区域协会及其成员学校的服务，并在最需要的全球市场上加速发展相关的优秀管理教育，那会怎样？

我们所谈论的不是组建一个由商学院协会领导人组成的封闭小组。我们不是在设想一个联盟或接管。我们不是要在那些想要自我决定的地区“帮忙”。我们不想规定成员协会或学校应该做什么。

我们所相信的是，在一个两极分化加剧的世界里，我们需要采取积极的措施，建立和加深我们各地区的联系。分享我们的学习成果。协作创造思想领袖。在我们上升的过程中提升。

我们创建了一个由崛起经济体的协会、学校、院长、教师和学生组成的网络，以增加区域协会及其成员学校的服务，并在最需要的全球市场上加速发展相关的优秀管理教育。

Guide for Judging Panels

The “Responsible Management and Youth Development Education Forum” is a comprehensive forum to showcase the achievements of responsible management education in China. It is also an event for advocates, organizers, practitioners and supporters of responsible management and sustainable development to spread their ideas, build consensus and take concerted action. For the first time, the Education Forum for Asia will showcase young students’ presentations. This is the result of Chinese universities and secondary schools’ vigorous promotion and construction of ecological civilization as well as their fulfillment of the teaching of social responsibility and sustainable development.

In order to fully demonstrate the effectiveness of responsible management education among Chinese youths, this year’s Forum has set up a “Young Students’ Presentation” session, which is divided into two categories: Chinese and English, with three separate tracks: one for high school and technical school students, one for undergraduates and one for postgraduate students including Ph.D. candidates. The Organizing Committee has invited experienced mentors from various fields to serve as judges. The panels of experts will be composed of an Academic Review Committee and a Social Review Committee. In order to ensure the fairness and orderliness of this Contest, the Organizing Committee has established the following scoring rules. The Academic Review Committee is mainly composed of university faculty members, while the Social Review Committee is composed of representatives from companies, institutions, social organizations and the press. The experts will ask questions and evaluate the students from the perspectives of subject matter, theoretical foundation, logical structure, research methods, cultural connotation, social observation, as well as the overall impression of the speech.

1. In terms of weighting, 60% of the total weighting will be given to the Academic Review Board and 40% to the Social Review Board.

2. Experts are not allowed to use “politically incorrect” language or express themselves in a way that is contrary to national law and public order. In the event of any of the above, the Organizing Committee reserves the right to suspend the jury member immediately.

3. The experts should be impartial, independent and objective in providing their personal opinions. They should respect the students involved in the showcase when commenting on questions, and refrain from using arbitrary, emotive expressions or leading words that might influence the evaluation of other judges.

4. Experts may ask questions of the student at the end of the presentation. Each expert should be given no more than 30 seconds to ask a maximum of two questions, which should be precise, brief and specific. Experts are encouraged to offer professional advice to students to actively promote a sense of sustainability and responsible leadership.

Experts are expected to pay attention to their appearance, dress appropriately and speak in a professional manner. Whether participating in online or offline mentoring sessions, mentors are advised to follow the meeting agenda to the letter and fulfil their responsibilities and commitments as mentors.

“责任管理教育与青少年成长论坛”组委会为保证评选活动公平公正地进行，特设计负责任的评选机制：

（2）8 月 8 日递交 1-2 分钟演讲短视频；

（3）8 月 9-10 日分别由学术评选委员会和社会评议委员会指定专家组选取获得演讲赛资格的人选。

参与评选和评议工作的专家评委应遵循的四大原则：

1、负责任原则

验，认真参与评审工作。在参评过程中，要求遵守遵循中华人民共和国的相关法律和法规，充分理解联合国倡导的责任管理教育六大原则，对参赛文章和视频的评审中，要切实所选择的作品充分体现联合国倡导可持续发展和社会责任等思想内涵；

2) 评选专家和评议专家，应该充分尊重委员会总负责人和共同主任的邀请与安排，承诺在参与评选或评议工作中，切实履行评审专家的职责，对所有参与评选的青年学生，给予充分尊重；同时，有权利对不符合要求的内容提出修改意见，乃至禁止参赛的意见；

2、公正原则

专家评委应充分理解这次活动所具有的跨文化、跨地域和跨专业的特点，秉持公平、公正、公开的原则，根据参赛文章和视频作品的学术内容、学术水平和参赛选手的临场发挥进行综合评判，不得因任何非学术性因素影响作品的评选；

3、保密原则

评委应充分尊重参赛作品的知识产权，恪守学术道德，对参赛者和作品进行保密，不得以任何形式将参赛作品内容、作者信息透露给与比赛无关的任何组织或媒体，在比赛前后，均不得透露内部的讨论或评选工作的细节，也不得向其他评委暗示或影响其评选，也不得接受其他参赛者的馈赠，一旦发现将失去评委资格；

4、回避原则

委员会将鼓励各位专家委员积极推荐相关机构的青年学生参加演讲赛活动，如果评委与参赛选手之间存在直系亲属或者师承关系，评委主动声明并予以回避，也是对其它参评青年学生的尊重与保护。

总之，作为“责任管理教育与青少年成长论坛”学术评选委员会委员和社会评议委员会委员，是社会各界从事于教育培训以及可持续发展的社会良心代表，我郑重承诺：遵守以上各项原则，履行委员义务，保证选拔评选工作的公平、公正进行，充分体现责任管理教育的宗旨与使命。

结束语

“2021年亚洲教育论坛年会责任管理与青少年成长教育论坛”将责任管理与可持续发展事业相结合，尤其是这次论坛首次将青年学生演讲风采展示作为重要内容，有助于传播理念、凝聚共识、协同行动，体现了中国高校的社会责任。

在筹备这次论坛的过程中，正值世界各国与新型冠状病毒搏斗的特殊时期，中国社会积极战“疫”所表现出的中华民族精神，其中彰显出的国家领导能力、科技发展水平、医者伦理操守、公民伦理道德，极大激励了组委会全体成员。

特别值得一提的是，由常州大学商学院、北京工商大学国际经管学院、西交利物浦大学国际商学院、四川国际标榜职业学院、北京大学深圳研究生院、香港中文大学（深圳）经管学院、北京理工大学珠海学院、四川大学等高校组成的学生志愿者团队，大部分学生怀着“不忘初心，持之以恒”和“聚沙成塔，聚水成涓”的信念，经过三个多月的艰苦奋斗，共同促成这次论坛的胜利召开。其中，特别感谢参与分论坛会议册编辑工作的闫硕，他作为演讲展示的选手，在会议册编辑的关键时刻，以身作则，勇挑重担，虚心请教，协同组委会承担了修改、校正、审核最关键的工作；还有此时此刻正与德尔塔病毒顽强搏斗的组委会重要成员海友连（Julian Heinig），他远在德国，但心系论坛，也参与了论坛的线上演讲。正是从闫硕和海友连以及许多高校学生志愿者的身上，充分体现了当今青年学生的责任管理精神与力量。如果没有国内外学生志愿者的奉献，就没有今天论坛的顺利召开；如果没有国内外近几十所高校学生积极报名参与演讲展示，就没有论坛充满如此的生机和活力；如果没有来自于世界各地的线上线下的专家学者所给予的信任、支持和参与，也就没有今天围绕责任管理论坛的召开。

“想要一时的繁荣，可以种花；想要十年的繁华，可以种树；想要时代的繁荣，就要播种思想”。感谢各位线上线下支持论坛的专家学者们，也感谢为这次论坛提供各项帮助和服务的社会工作者，正是你们克服了重重困难，秉持着对

生态文明建设的共同信念，从不同城市齐聚蓉城，出席这一历史盛会，通过论坛向世人进一步展现社会责任和人文情怀。

经过部分与会专家的交流，大家认为这次筹备活动与组织工作，将取得如下成果：

(1) 在亚洲教育论坛上，首次将责任管理教育作为社会主题开展讨论。由常州大学、北京工商大学和西交利物浦大学等高校携手合作，联合几十所高校以及四川国际标榜职业学院等民办教育机构，在社会各界的大力支持下，成立了《责任管理教育中国学术委员会》，同时得到包括联合国全球契约 PRME 倡议组织以及国内外专家的认可。这次论坛自身就是《责任管理教育中国学术委员会》积极响应了 2020 年 10 月中共中央、国务院《深化新时代教育评价改革总体方案》的高校行动。《总体方案》在“组织实施”部分强调“积极开展教育评价国际合作，参与联合国 2030 年可持续发展议程教育目标实施监测评估，彰显中国理念，贡献中国方案”。责任管理教育中国学术委员会将不断深化这方面工作，以促进联合国 2030 年可持续发展议程教育目标在中国各层级教育中的落实融合；

(2) 《2021 亚洲教育论坛年会：中国首届责任管理与青少年成长教育论坛》得到中华人民共和国生态环境部中国东盟—环境保护合作中心和中华人民共和国生态环境部宣传教育中心的大力支持。为此，中国东盟—环境保护合作中心以及社会各界纷纷发来贺信，对论坛的举办表示热烈祝贺；

(3) 在亚洲教育论坛、高校合作伙伴和社会各界的大力支持下，责任管理教育中国学术委员会创立了《中国首届责任管理与青少年成长教育论坛》。责任管理教育中国学术委员会的成立，将关心支持责任管理教育的各界人士凝聚在一起，为中国责任管理教育事业打下了坚实的组织基础，为今后中国责任管理教育进一步开展工作提供了有力的组织保障。学术委员会成员凝聚共识，支持青年，积极推进责任管理教育从高等院校向高中、职业教育层面的青少年群体传播。这次论坛集中了国内外近百位专家，对来自国内外超过四十所大专院校、100 多位青年学生的论文和视频进行评分，最终选拔出 24 位优秀学生代表，其中 14 位学生获得演讲才艺展示机会。这是中国高校首次在亚洲教育论坛的平台上，通过进一步加强国际间的学术合作与交流，激发了青少年学生在责任管理、

商业伦理、可持续发展方面的创造力，有利于联合国全球契约倡导的责任管理教育原则（PRME）在中国高校中产生影响力；

（4）北京大学黄海峰教授和常州大学陆华良教授等师生全力配合，在北京大学出版社的大力支持下，在论坛召开之际，向全社会正式发行《商业伦理：全球视角》一书。本次论坛也作为这部专著的社会实践，将责任管理与可持续发展事业相结合，助力传播责任管理和可持续发展理念，凝聚共识，协同行动，体现了中国高校知识分子和青年学生所履行的社会责任；

（5）在联合国 PRME 倡议组织的大力支持下，责任管理教育中国学术委员会在筹备过程中，就注重引领一批中国高校经管类学院了解联合国责任管理教育原则倡议组织（PRME）的作用，积极在中国推广和践行责任管理教育。在常州召开首届责任管理教育中国学术委员会会议之后，厦门大学管理学院、北京工商大学国际经管学院等高校经管类学院加入了联合国 PRME 组织；

（6）在亚洲教育论坛的支持下，这次论坛以“责任管理”作为主题，在中国高校中率先响应教育部推进高校开展碳中和和科技创新的文件精神，让更多青年学生展现他们对可持续发展的思考和研究。一方面，会议的筹备和举办，锻炼、引导、启蒙、培训了一大批青年学生志愿者对于责任管理教育的理解，其中涌现出诸如四川标榜国际职业学院、四川大学等一批优秀的青年学生团队，他们起到了卓越的绿色先锋作用；另一方面，这次论坛也有二十多位国际知名学者，其中包括有 2007 年诺贝尔奖共同获得者、2021 年“蓝色星球奖”（Blue Planet Prize）获得者莫汉·穆纳辛格院士（Mohan MUNASINGHE）、原欧盟地区委员会秘书长格哈德·塔尔教授（Gerhard STAHL），正是通过亚洲教育论坛，使其中国高校在责任管理教育和可持续发展方面的理念、方案、行动、绩效等，通过他们有力地向联合国有关机构及世界其他地区的 PRME 网络和国际专家展现中国教育界的责任意识和行动力，树立中国“负责任大国”对外形象，也极大提升了中国高校在该领域的国际影响力。

非常感谢各位专家学者出席这一盛会，共同推进高校乃至全社会的责任管理教育事业的可持续发展。让我们携手，共同架起责任管理教育的合作桥梁。

希望本届论坛给您留下美好温馨的回忆！

2021 年亚洲教育论坛年会责任管理与青少年成长教育论坛组委会

Concluding Remarks

The “Education Forum for Asia 2021 Annual Conference Special Session on Responsibility Management and Youth Development Education” combines the topics of responsibility management with sustainable development. In particular, the forum emphasis on young students’ academic speech contest as an important part of the forum for the first time, which helps to disseminate ideas, gather consensus and take common action, and showcase the social responsibility of Chinese colleges and universities.

In the process of preparing for this forum, during the special period when countries all over the world are struggling with novel coronavirus (2019-nCov), the spirit of the Chinese nation was fully demonstrated by active fighting against the epidemic in China, including the national leadership, the level of scientific and technological development, the ethics of doctors and citizens, also greatly inspired all members of the organizing committee.

In particular, it is worth mentioning the volunteer work of students from the Business School at Changzhou University, School of International Economics and Management at Beijing Technology and Business University, International Business School at Xi’an Jiaotong-Liverpool University, Polus International College, Peking University Shenzhen Graduate School, School of Economics and Management at Chinese University of Hong Kong (Shenzhen), Zhuhai College at Beijing Institute of Technology, Sichuan University among other universities. These students hold the beliefs of “not forgetting the original intention” and “gathering sand into a tower, gathering water into a trickle”. Their hard work over the past three months ensures the success of this forum. Among these students, we wish to express our special thanks to Mr. Shuo Yan, who participated in the editing work of the conference booklet. As a participant in the presentation, he set an example, took the heavy burden and helped the editing process. He liaised with the organizing committee and undertook the most critical part of the revision, correction, and review work. Our gratitude is also extended to Mr. Julian Heinig, a core member of the organizing committee, who is fighting against the delta virus of COVID-19 at the moment. Although he is far away in Germany, he is always concerned about the forum and participated in the forum’s online speech. The spirit and strength of today’s youth responsible management can be fully reflected by our student volunteers like Shuo Yan and Julian Heinig. Without their help, today’s forum would not have been held smoothly. Without students from nearly dozens of colleges and universities either domestic or overseas, who actively signing up to participate in the presentation, the forum would not be full of such vigor and vitality. Without the trust, support and participation of the experts and scholars across the world either online or offline, the forum on responsibility management may never be held today.

“If you want a temporary prosperity, you could plant flowers; If you want to have ten years of prosperity, you could plant trees; If you want to have generational prosperity, you must sow ideas”. Thank you all the online and offline experts and scholars. You overcome many difficulties and uphold the common belief of ecological civilization, gathering in Chengdu from different cities to attend this historic event, and show the world your social responsibility and humanistic feelings through the

forum.

We believe that the preparatory activities and organizing work will achieve the following results.

(1) It is the first time to discuss the responsibility management education as a social theme for the Education Forum for Asia. With the cooperation of Changzhou University, Beijing Technology and Business University, and Xi'an Jiaotong-Liverpool University, together with dozens of universities and private educational institutions such as Polus International College, and with the strong support of all sectors of the society, China Academic Committee for Responsible Management Education was formally established. It was also recognized and supported by the United Nations Global Compact PRME initiative and experts at home and abroad. This forum itself is the China Academic Committee for Responsible Management Education actively responded to the actions of colleges and universities with regard to the “Overall Plan for Deepening the Reform of Education Evaluation in the New Era”, which was released by the Chinese Communist Party Central Committee and the State Council in October 2020. In the “Organization and Implementation” section of the “Overall Plan”, it emphasizes “actively carrying out international cooperation in education evaluation, participating in the monitoring and evaluation of the implementation of the education objectives of the United Nations 2030 Agenda for Sustainable Development, highlighting the Chinese idea and contributing to the Chinese plan”. China Academic Committee for Responsible Management Education will continue to deepen its work in this area, so as to promote the implementation and integration of the educational objectives of the United Nations 2030 Agenda for Sustainable Development at all levels of education in China;

(2) “Education Forum for Asia 2021 Annual Conference Special Session on Responsibility Management and Youth Development Education” was strongly supported by the China-ASEAN Environmental Cooperation Center and Center for Environmental Education and Communications of Ministry of Ecology and Environment of the People’s Republic of China. To this end, China-ASEAN Environmental Cooperation Center and all sectors of society have sent congratulatory letters to express their warm congratulations on the holding of the forum;

(3) With the strong support of the Education Forum for Asia, university partners and all sectors of society, China Academic Committee for Responsible Management Education established the “First Forum on Responsibility Management and Youth Development Education in China”. The establishment of China Academic Committee for Responsible Management Education has brought together people from all walks of life who concern and support responsible management education, laid a solid organizational foundation for China’s responsible management education, and provided a strong organizational guarantee for the development of China’s responsible management education in the future. Members of the China Academic Committee for Responsible Management Education gathering consensus, supporting the youth, and actively promoting the dissemination of responsibility management education from higher institutions to senior high schools and vocational education. The Forum gathered nearly 100 experts at home and abroad to score papers and videos from more than 40 colleges and universities globally, and more than 100 young students at home and abroad. Finally, 24 excellent student representatives were selected, of which 14 students won the opportunity for the academic speech contest. This is the first time that Chinese universities have stimulated the creativity of young students in responsibility management, business ethics, and sustainable development through further strengthening international academic cooperation and exchange on the platform of

the Education Forum for Asia, which is conducive to the influence of the Principles for Responsible Management Education (PRME) advocated by the United Nations Global Compact in Chinese universities;

(4) With the full cooperation of Professor Haifeng Huang of Peking University and Professor Hualiang Lu of Changzhou University, and with strong support of Peking University Press, the book “Business Ethics: A Global Perspective” was officially released on the occasion of the forum. As the social practice of this monograph, this forum combines responsibility management with the cause of sustainable development, helps to spread the concept of responsibility management and sustainable development, condenses consensus and takes concerted action, and reflects the social responsibilities performed by Chinese college Intellectuals and young students;

(5) With the strong support of the United Nations Global Compact PRME initiative, the China Academic Committee for Responsible Management Education focused on leading a number of Chinese colleges and universities to understand the role of PRME, and actively promote and practice responsible management education in China. After the 1st China Academic Committee Meeting on Responsible Management Education which was held in Changzhou, the School of Management of Xiamen University and the school of International Economics and Management of Beijing Technology and Business University, and other colleges of economics and management joined the PRME;

(6) With the support of the Education Forum for Asia, series of meetings with theme of “Responsible Management Education” took the lead in responding to the Ministry of Education call for promoting carbon neutral science technology and innovation in colleges and universities in China, so that more and more young students can show their thinking and research on sustainable development. On the one hand, the preparation and holding of the forum tempered, guided, enlightened and trained a large number of young student volunteers to understand responsibility management education. Among them, a number of excellent young students from Polus International College and Sichuan University have showed their outstanding green pioneer role; On the other hand, the forum has invited more than 20 internationally renowned scholars, including Prof. Mohan Munasinghe, Co-Winner of the 2007 Nobel Peace Prize and Winner of the 2021 Blue Planet Prize, and Prof. Gerhard Stahl, former Secretary-General of the EU-Committee of the Regions. Through the Education Forum for Asia, the ideas, programs, actions and performance of responsible management education and sustainable development of Chinese universities, effectively show the sense of responsibility and action of China’s educational circles to relevant United Nations agencies, PRME networks and international experts in other parts of the world, and establish China’s external image as a “Responsible Power”. It has also greatly enhanced the international influence of Chinese universities in this field.

Thank you very much for attending this grand event to jointly promote the sustainable development of responsible management education in colleges and universities, and even the whole society. Let us work together to build a cooperative bridge of responsible management education.

We hope this forum will leave you beautiful and warm memories!
